### WILDWOOD EVENTS WITH PASTOR TRISH

Congratulations! You are getting married! As a Holistic Practitioner, and ordained non-denominational pastor, it is my mission to inspire, nurture, encourage, and serve all faith traditions, performing religious and non-religious weddings, same sex marriages, as well as unique weddings tailored to your desires. I strive to treat each of my clients with dignity and respect, honoring your choices and helping you plan your dream wedding. I am elated and honored to celebrate with you and create the ceremony you desire, whether it be in the woods, at home, a special venue location or on the beach. Through love, compassion, and nurturing; I am happy to educate and oversee the growth of all the beautiful people I work with through pre-marital coaching, as well post marital coaching if desired or required by your faith community.
